

National Bank Moderate Diversified Fund

Category: Canadian Fixed Income Balanced

Quick Facts

The fund's objectives are to ensure, through the diversification of its investments, a steady rate of return and high current income while achieving long-term capital growth. The fund achieves this by investing primarily in a combination of debt securities of Canadian federal, provincial and municipal governments, and shares of Canadian and foreign companies.

Disclosure

National Bank Securities Mutual Funds (the "Funds") are offered by National Bank Securities Inc., a wholly owned subsidiary of National Bank of Canada. Commissions, management fees and expenses all may be associated with investments in the Funds. Please read the prospectus of the Funds before investing. Returns are the historical annual compounded total returns which include changes in the value of securities and reinvestment of all distributions and do not take redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. The Funds' securities are not insured by the Deposit Insurance Corporation or by any other government deposit insurer. For money market funds, there can be no assurance that a fund will be able to maintain a value per security at a constant amount or that the full amount of the investment in a fund will be returned. The Funds are not guaranteed, their values change and performance may not be repeated.
