

Retirement Solutions

**Start planning your retirement
lifestyle today!**

**If you start planning today, you will
be able to establish your retirement
objectives and needs. You can then
draw up the appropriate strategies and
implement them at the right time.**

Because you are unique

Our offer:

We will act now to prepare a financially secure and worry-free retirement for you.

Your advisor will tailor your strategy to your current situation and retirement dreams by taking into account:

- Your retirement objectives, such as travelling more often, buying a holiday home, undertaking studies in various fields, etc.
- The age at which you wish to retire
- Your financial needs during retirement
- Your current financial situation, including income sources and the number of years remaining to retirement
- Market forecasts during your retirement period, based on long-term estimates of inflation, returns and tax rates
- Factors impacting your savings capacity
- Your pension plan and government benefits

Following this analysis, we will draw up strategies so you can accumulate and invest the funds necessary to realize your retirement projects.

We add value

By making realistic forecasts of your future situation and by providing you with solutions tailored to your needs, enabling you to make judicious choices.

Our financial planners are registered under the licence of National Bank Securities, a wholly-owned subsidiary of National Bank of Canada.
