National Bank Profile

The National Bank is an integrated group which provides comprehensive financial services to consumers, small and medium-sized enterprises and large corporations in its core market, while offering specialized services to its customers elsewhere in the world. Asset management is an important component of the Bank's activities. In fact, the National Bank is a wealth management leader in Quebec. The Bank's main priority is to satisfy the needs of its customers and build a long-term relationship of trust by offering personalized services and specialized savings, investment, financing and payment products through a vast network of branches and various electronic channels. It also offers corporate and investment banking services. The Bank is an active player on international capital markets and, through its subsidiaries and other entities, is involved in securities brokerage, insurance and wealth management, as well as mutual fund and retirement plan management. Striving to be a good corporate citizen is another of the Bank's priorities. In 2006, the Bank and its subsidiaries, through corporate donations, sponsorships, in-branch fundraising activities and various benefit events, gave \$19.5 million to hundreds of Canadian organizations working in health care, education, community outreach and arts and culture.
