c) Summary of general conditions

Premium calculation

A monthly premium will be charged to your Credit Card account and will appear on each statement under the heading Payment protection.

The premium amount is calculated based on the premium rate in effect and the Balance on the statement date. As for the master policy MCAPD-19 in effect since February 1, 2019, the rate is \$1.20 per \$100 of outstanding Balance (plus applicable taxes).

Example: If your outstanding Balance as at the statement date is \$500, the monthly premium will be calculated as follows:
 $(\$500/\$100) \times \$1.20 = \6.00 (plus applicable taxes).

From the age of 71 years old, the monthly premium will be reduced to \$0.69 (plus applicable taxes) per \$100 of outstanding Balance on the Credit Card account as at the statement date.

The taxes chart is available on the website **nbc.ca**.

The Insurer reserves the right to amend the premium rate at any time, in which case the new rate will be communicated within applicable regulatory deadlines and applied to all parties insured under the group insurance policy.

Trial period

When you enroll in the Distinction Credit Card Payment Protection Plan, you get a 30-day review period. Therefore, you will not be charged a premium until your second (2nd) month of coverage.

Example: If you enroll in the Distinction Credit Card Payment Protection Plan on March 15, you will be billed for premium when your statement for May is produced.

Duplication of benefits

No benefit paid under the certificate shall include an amount already paid.

Furthermore, if the Insured is concurrently eligible for benefits payable under the certificate with respect to more than one coverage, the benefit paid shall be limited to the coverage that is most generous for the Insured. As a result, the Insured will be entitled to only one benefit at a time.

8. Notice of termination of insurance contract

Notice given by the distributor

Section 440 of the Act respecting the distribution of financial products and services.

The Act respecting the distribution of financial products and services gives you important rights.

Under the Act, you can terminate an insurance contract made at the same time as another contract, within 10 days of its signature.

The Insurer grants you 30 days to do this. To do so, you must notify the Insurer by registered mail within that delay. You may use the attached model for this purpose.

When such an insurance contract is cancelled, the first (1st) contract remains in effect. This may however entail the loss of favorable conditions extended under the contract. Be sure to check with the distributor or read your contract carefully.

You may cancel your insurance contract any time after the thirty (30) days, in which case penalties may be applied.

For more information, contact the *Autorité des marchés financiers* at 418-525-0337 or toll-free at 1-877-525-0337.

This section must first be filled out by the distributor. This notice must be sent by registered mail.

Art. 439. A distributor may not subordinate the making of a contract to the making of an insurance contract with the insurer specified by the distributor.

The distributor may not exercise undue pressure on the client or use fraudulent tactics to induce the client to purchase a financial product or service.

Art. 440. A distributor that, at the time a contract is made, causes the client to make an insurance contract must give the client a notice, drafted in the manner prescribed by regulation of the Authority, stating that the client may cancel the insurance contract within ten (10) days of signing it.

Art. 441. A client may cancel an insurance contract made at the same time as another contract, within ten (10) days of signing it, by sending notice by registered or certified mail. Where such an insurance contract is cancelled, the first (1st) contract retains all its effects.

The first paragraph and section 440 do not apply to an insurance contract expiring within 10 days of its being signed.

Art. 442. No contract may contain provisions allowing its amendment in the event of cancellation or termination by the client of an insurance contract made at the same time. However, a contract may provide that the cancellation or termination of the insurance contract will entail, for the remainder of the term, the loss of the favorable conditions extended because more than one contract was made at the same time.

Art. 443. A distributor that offers financing for the purchase of goods or services and that requires the debtor to subscribe for insurance to guarantee the reimbursement of the loan must give the debtor a notice, drawn up in the manner prescribed by regulation of the Authority, stating that the debtor may subscribe for insurance with the insurer and representative of the debtor's choice provided that the insurance is considered satisfactory by the creditor, who may not refuse it without reasonable grounds. The distributor may not subordinate the making of the contract of credit to the making of an insurance contract with the insurer specified by the distributor.

No contract of credit may stipulate that it is made subject to the condition that the insurance contract subscribed with such an insurer remain in force until the expiry of the term, or subject to the condition that the expiry of such an insurance contract will entail forfeiture of term or the reduction of the debtor's rights.

The rights of the debtor under the contract of credit shall not be forfeited when the debtor cancels, terminates or withdraws from the insurance contract, provided that the debtor has subscribed for insurance with another insurer that is considered satisfactory by the creditor, who may not refuse it without reasonable grounds.

9. Access to personal information

The Insurer has implemented a series of measures to preserve the confidentiality of personal information.

The Insurer will establish an insurance file in which all personal information obtained in connection with the subscription to the insurance Policy will be placed, as well as information concerning any insurance claim under the Policy. Only employees or agents responsible for underwriting, administration, investigations and claims or the reinsurer, where applicable, will have access to this file.

All files will be kept at the offices of the Insurer or one of its agents. All entitled persons, such as yourself or any person you authorize, may consult the personal information contained in the file and, if need be, request corrections by writing to:

LET'S TALK INSURANCE!

Name of distributor: **National Bank of Canada**

Name of insurer: **National Bank Life Insurance Company**

Name of insurance product: **Credit Card Payment Protection Plan**

IT'S YOUR CHOICE

You are **never required to** purchase insurance:

- that is offered by your distributor;
- from a person who is assigned to you; or
- to obtain a better interest rate or any other benefit.

Even if you are required to be insured, **you do not have to** purchase the insurance that is being offered. **You can choose** your insurance product and your insurer.

HOW TO CHOOSE

To choose the insurance product that's right for you, we recommend that you read the summary that describes the insurance product and that must be provided to you.

DISTRIBUTOR REMUNERATION

A portion of the amount you pay for the insurance will be paid to the distributor as remuneration.

The distributor **must** tell you when the remuneration exceeds 30% of that amount.

RIGHT TO CANCEL

The Act allows you to rescind an insurance contract, **at no cost**, within 10 days after the purchase of your insurance. However, the insurer may grant you a longer period of time. After that time, fees may apply if you cancel the insurance. **Ask** your distributor about the period of time granted to cancel it **at no cost**.

If the cost of the insurance is added to the financing amount and you cancel the insurance, your monthly financing payments might not change. Instead, the refund could be used **to shorten the financing period**. **Ask your distributor for details**.
