Here are the 10 important facts you need to know about loan insurance

1 There are 3 types of loan insurance coverage

1 In the event of death, **life insurance** will help repay all or part of the balance of your personal line of credit, thereby freeing your family from one of the many obligations that come with the passing of a loved one.

2 Critical illness insurance also helps repay all or part of your loan if you are diagnosed with one of the following critical illnesses:

- › Cancer
- › Heart attack
- › Stroke

Moreover, **accidental dismemberment insurance** sees to the repayment of all or part of your loan if you lose a limb or permanently and irreversibly lose the use of a limb following an accident.

3 If you become unable to work or complete typical tasks for someone of your age due to an injury or illness, **disability insurance** can soften the blow of lost income by helping you make all or part of your monthly payments. The disability must last at least 60 days before benefits can be paid out.

You can sign up for all three types of coverage or choose one or two. It's up to you!

However, you must sign up for life insurance to be eligible for critical illness or disability insurance.

You will find specific information for each protection in sections 4, 5, 6 and 7 of the insurance certificate.

2 Loan insurance covers the insured balance or insured payment of your loan, in whole or in part

For life insurance or critical illness and accidental dismemberment insurance, the insured balance is the balance of your line of credit as at the date of death or diagnosis of critical illness or accidental dismemberment, up to the insured maximum selected at enrolment, which must not exceed the maximum amount for that type of coverage (life: \$500,000; critical illness and accidental dismemberment: \$150,000).

For disability insurance, the insured payment is the payment amount indicated on your insurance application. This is the amount you choose to protect in the event of a disability. It can be:

- › An amount of your choice, in multiples of \$250; or
- › 2% of the insured balance for life insurance at the start of the disability.

The insured payment may not be higher than \$2,000 per month.

Coverage	Amount paid
Life insurance (non-accidental death) Critical illness insurance	The lower of: <ul style="list-style-type: none">› The insured balance of the loan as at the date of the event; or› The average daily balance of the loan over the past 12 months (or since the insurance start date if it has been less than 12 months) multiplied by 110%.
Life insurance (accidental death)	An amount equivalent to the insured balance of the loan as at the date of the event.
Accidental dismemberment insurance	An amount equivalent to a percentage of the insured balance of the loan as at the date of the insured event. The percentage is determined by the loss.
Disability insurance (non-accidental disability)	The lower of: <ul style="list-style-type: none">› The insured payment as at the start date of the disability; or› 2% of the average daily balance of the loan over the past 12 months (or since the insurance start date if it has been less than 12 months) multiplied by 110%.
Disability insurance (accidental disability)	An amount equivalent to the insured payment as at the start date of the disability.

Maximum amount payable for each type of coverage

The amount payable for a claim cannot exceed the maximum for each type of coverage.

Life insurance	Critical illness and accidental dismemberment insurance	Disability insurance
\$500,000	\$150,000	\$2,000/month

In the case of a refinancing where previous insurance coverage is being recognized, the insurance amount recognized will be the insured amount of the previous loan before the refinancing.

For example:

	Insured amount/payment at refinancing	After refinancing
Line of credit amount	\$20,000	\$35,000
Recognized life insurance amount	–	\$20,000
Recognized critical illness insurance amount	–	\$20,000
Loan payment	\$250	\$1,250
Recognized disability insurance amount	–	\$250

 See sections 3, 4.1, 5.4, 6.2, 7.3 and 11 of the insurance certificate for more details on the amount we pay for each protection.

During this period, you became disabled and stopped working because of your neck pain. No benefits will be payable for this disability.

The specific and more detailed exclusions concerning each protection as well as the general exclusions are described in sections 4.2, 5.1.1, 5.2.1, 5.3.1, 7.2 and 8 of the insurance certificate.

4 You must meet certain criteria to be insured

To be eligible, you must, at the time of enrolment:

For life insurance:

- › Be 18 to 64 years old, inclusively;
- › Be living in Canada or the United States;
- › Be a borrower, co-borrower, guarantor or endorser of the insured loan.

For critical illness and accidental dismemberment insurance:

For disability insurance:

- › Have signed up for life insurance; and
- › Be employed and have worked 60 hours or more within the last 4 weeks for compensation; or
- › If you are self-employed, you must have generated a gross income of at least \$10,000 during the past fiscal year.

You may NOT apply for disability insurance on your loan if you:

- › Are on a work stoppage;
- › Are jobless;
- › Receive income replacement payments (due to a disability, parental leave, work-related accident, etc.).

However, you can apply to add this type of coverage when you meet the eligibility criteria for indicated above.

Depending on your age and the amount of coverage requested, we will ask you some questions about your state of health and lifestyle.

 See section 2 of the insurance certificate for more information.

5 The insurance premium will be calculated each month based on the amount of the Personal Line of Credit used

The premium is the amount you pay in order to be insured. The Personal Line of Credit is based on the "user pays" principle, as are the loan insurance premiums.

That means the higher the balance used, the higher the premium. Conversely, a lower balance means a lower premium.

We reserve the right to amend our premium rate scales at any time. If we do so, the premiums charged to all our insureds will change.

Your premium rate is based on a number of factors, including:

- › The balance used;
- › Your age when you sign the insurance application and your age each year on the anniversary date of the insurance;
- › Your sex;
- › Your use of tobacco products.

For life insurance and critical illness and accidental dismemberment insurance, you are entitled to a 10% discount on your insurance premiums if there is more than one insured.

The insurance taxes of your Canadian province of residence will also apply.

SAMPLE PREMIUM CALCULATION

N.B.: The insurance premium for the line of credit is calculated every day based on the insured balance used.

At the end of the billing period, the monthly premium we charge will be the average of these daily amounts.

Monthly premiums may vary based on the number of days in the billing period, the balance used and the applicable premium rate.

The sample calculation that follows is provided for information purposes only.

Life insurance premium calculation

(Insured amount/\$1,000) X premium rate X taxes on insurance by province (Quebec: 9%)
 $(\$35,000/\$1,000) \times \$0.24 \times 9\% = \9.16

Calculating the premium – Disability insurance

(Insured amount/\$10) X premium rate X taxes on insurance by province (Quebec: 9%)
 $(\$250/\$10) \times \$0.19 \times 9\% = \5.18

Approximate total monthly premium:

$\$9.16 + \$5.18 = \$14.34$

 Consult the insurance certificate for premium rates and nbc.ca for tax rates.

6 Duration of insurance

Start

The insurance starts on the later of the following dates:

- › The date the insurance application is signed; or
- › The date the loan was opened.

If you are required to provide proof of insurability, we will notify you in writing of our decision within 30 days of receiving the documents needed to analyze your insurance application.

End

Insurance generally remains in effect for the entire loan duration, unless you decide to terminate your coverage.

Other circumstances also lead to termination of the insurance, like refinancing, non-payment of premiums or when you reach the age of 70.

 See section 9 of the insurance certificate for more information.

7 You'll have access to temporary accident coverage while we are studying your application

While we are analyzing your insurance application, you'll be covered in the event of accidental death, dismemberment or disability (depending on the coverage selected).

See section 2.2.3 of the certificate for the definition of an accident and details of temporary coverage in the event of an accident.

8 We can refuse a claim and cancel your insurance if you make a false declaration

You must always provide accurate information on your health status, lifestyle and tobacco use, and any other information we deem necessary.

If, during a claim or at any other time during the insurance period, we receive information that differs from the information you initially provided, **we could refuse your claim and retroactively cancel your insurance** from its start date.

See sections 2.2, 2.2.1 and 2.2.2 of the insurance certificate for more information.
