

Dear Securityholder,

On April 30, 2007, National Bank Investments Inc., the manager of the NBI Funds, established the Independent Review Committee NBI Funds in accordance with National Regulation 81–107 Independent Review Committee for Investment Funds (“**Regulation 81–107**”). Effective January 15, 2019, the mandate of the IRC was expanded to include the NBI Exchange-Traded Funds (“**NBI ETFs**”).

Under Regulation 81–107, the mandate of the Independent Review Committee of the NBI Funds and NBI ETFs (the “**IRC**”) is to review conflict of interest matters referred to it by the manager of the NBI Funds and NBI ETFs. The IRC seeks to determine whether the manager’s proposed actions achieve a fair and reasonable result for the funds. As part of its duties, the IRC meets regularly and concludes each meeting *in camera*, without the presence of representatives of the manager or any other entity related to the manager.

This report provides information about the activities of the IRC for the period from January 1, 2020, to December 31, 2020.

At least annually, the IRC reviews and assesses the adequacy and effectiveness of the policies and procedures to deal with conflict of interest matters relating to the NBI Funds and the NBI ETFs, and also conducts a self-assessment of the IRC’s independence, compensation and effectiveness.

The members of the IRC look forward to continuing to work with the manager in the best interests of each of the NBI Funds and NBI ETFs.

“Norman A. Turnbull”

Compensation and Indemnities

For the period from January 1st to December 31, 2020, the aggregate compensation paid to the members of the IRC of the NBI Funds and the NBI ETFs is 143,167\$. This amount was allocated among the NBI Funds and the NBI ETFs in a manner the manager considers fair and reasonable.

In accordance with Regulation 81–107, the compensation paid to the IRC during the period from January 1st to December 31, 2020 was set by the members of the IRC, taking into account the manager's recommendation.

At least annually, the IRC reviews its compensation, giving consideration to the following, *inter alia*:

1. the best interests of the funds;
2. industry best practices, including industry averages and surveys on IRC compensation;
3. the number, nature and complexity of the funds for which the IRC acts; and
4. the nature and extent of the workload of each member of the IRC, including the commitment of time and energy that is expected.

National Bank Investments Inc. (manager of the NBI Funds and the NBI ETFs), the NBI Funds and the NBI ETFs have granted contractual indemnities to each IRC member where circumstances warrant and as permitted by Regulation 81–107. No indemnity amounts were paid by the NBI Funds, the NBI ETFs or by National Bank Investments Inc. (manager of the NBI Funds and the NBI ETFs) to the IRC during the relevant period.

Conflict of Interest Matters

The manager of the NBI Funds and the NBI ETFs has policies and procedures in place to address each of the conflict of interest matters listed below. The IRC has issued standing instructions to the manager of the NBI Funds and the NBI ETFs that require the manager to comply with its policies and procedures and to report periodically, and at least annually, to the IRC.

During the period from January 1st to December 31, 2020, the manager of the NBI Funds and the NBI ETFs has relied on the following approvals and recommendations (within the meaning of such terms under Regulation 81–107) granted by the IRC in accordance with Regulation 81–107.

Approvals

1. *Transactions in Securities of Related Issuers*: The IRC has given its approval so that the NBI Funds and NBI ETFs may, in accordance with standing instructions of the IRC, make or retain an investment in securities of an issuer related to the NBI Funds and NBI ETFs, the manager or an entity related to the manager (as defined in Regulation 81–107).
2. *Inter-Fund Transactions*: The IRC has given its approval so that the NBI Funds and the NBI ETFs may, in accordance with standing instructions of the IRC, purchase or sell securities between the NBI Funds and the NBI ETFs or with certain other investment funds or managed accounts.
3. *Related Party Underwriting*: The IRC has given its approval so that the NBI Funds and NBI ETFs may, in accordance with standing instructions of the IRC, invest in securities of an issuer underwritten by an entity related to the manager (as defined in Regulation 81–107).
4. *Related Party Debt Transactions*: The IRC has given its approval so that the NBI Funds and NBI ETFs may, in accordance with standing instructions of the IRC, enter into debt securities purchase or sale transactions with related entities for their own account.

5. *Mortgage Related Party Transactions:* The IRC has given its approval so that NBI Mortgage and Tactical Income Fund may, in accordance with standing instructions of the IRC, enter into mortgage purchase or sale transactions with entities related to the manager (as defined in Regulation 81–107). The IRC has been advised that there were no transactions during the reporting period under this matter.
6. *Transfers of Securities by Intact:* The IRC has given its approval for transfers of securities by Intact Investment Management Inc. (“Intact”) to the Fund, in the context of significant investments by Intact in an NBI Fund and an NBI ETF. The IRC has been advised that there were no transactions during the reporting period under this matter.

The IRC must include in its report to securityholders a description of each known instance where the manager acted in respect of a conflict of interest matter without complying with a condition imposed by the Committee in its approval. The IRC is also required to notify the Canadian securities regulatory authorities if it determines that the manager has failed to comply with a condition imposed by securities regulations or the IRC. Breaches were reported to the IRC in connection with investments in related party underwritings by an entity related to the portfolio manager for certain NBI Funds that had not been reported to the IRC in accordance with applicable policies and procedures. Another breach was reported to the IRC in connection with inter-fund transactions for two NBI Funds that were entered into by another portfolio manager with investment funds or managed accounts of the portfolio manager, while such transactions had not been pre-approved under applicable policies and procedures. In addition, the portfolio manager executed an inter-fund transaction at the “last sale price” and not at the “current market price of the security”, as those terms are defined in the applicable rules. Lastly, the portfolio manager failed to report inter-fund transactions to the IRC in accordance with applicable policies and procedures. The manager met with both portfolio managers to discuss each of these breaches and reported each of them to the IRC. Representatives of the manager described to the IRC the steps taken in order to prevent future breaches. Based on the representations made by the manager and the portfolio managers, the IRC is of the view that the breaches had no adverse impact on the securityholders of any of the NBI Funds involved and that the actions taken as a result of the breaches were an appropriate response in each of the circumstances.

The IRC is not aware of any other instance in which the manager of the NBI Funds and the NBI ETFs acted in a conflict of interest matter without meeting the conditions imposed by the IRC in its approval.
