Here are 10 important facts you need to know about commercial loan insurance

1. There are 3 types of loan insurance coverage

- 1

In the event of death, **life insurance** contributes to the repayment of your loan, thereby freeing your company from one of the many obligations that come with the death of a shareholder or key person.
- 2

Critical illness insurance also helps repay all or part of your loan if you are diagnosed with one of the following critical illnesses:
 - › Cancer
 - › Heart attack
 - › Stroke

Moreover, **accidental dismemberment insurance** sees to the repayment of all or part of your loan if you lose a limb or permanently and irreversibly lose the use of a limb following an accident.

- 3

If you become unable to work or complete typical tasks for someone of your age due to an injury or illness, **disability insurance** can soften the blow of lost income by helping you make all or part of your monthly payments. The disability must last at least 60 days before benefits can be paid out.
- You can sign up for all three types of coverage or choose one or two. It's up to you!
- However, you must sign up for life insurance to be eligible for critical illness or disability insurance.

 You will find specific information for each protection in sections 1, 10, 11, 12 and 13 of the insurance certificate.

2. Loan insurance covers the insured balance or insured payment of your loan, in whole or in part

For life insurance as well as critical illness and accidental dismemberment insurance, the insured amount is the amount chosen, indicated on the insurance application. This amount cannot be higher than the authorized amount of the loan and the maximum amount provided for each protection (life \$2,000,000, critical illness and accidental dismemberment \$150,000).

For disability insurance, the insured payment is the amount of the chosen payment, indicated on the insurance application. This is the amount you choose to protect in the event of disability.

This amount cannot be higher than 1% of the insured amount for life insurance and the maximum amount provided for the protection (\$5,000 per month).

Once you decide to ensure your commercial line of credit or commercial demand note, you can choose the amount you want to insure.

First, decide if you want to insure your loan for a fixed or variable amount.

Then, choose the amount to insure for each type of coverage.

That way, you'll have insurance that really meets your needs.

Benefits we pay depend on the insured amount chosen.

IMPORTANT TO KNOW about the benefit in the event of death

When the insured amount chosen is a fixed amount, the difference between the insured amount for life insurance and the amount of the benefit paid to the Bank is returned to the company.

Maximum amount payable for each type of coverage

The amount payable for a claim cannot exceed the maximum for each type of coverage.

Life insurance	Critical illness and accidental dismemberment insurance	Disability insurance
\$2,000,000	\$150,000	\$5,000/month

In the case of a refinancing where previous insurance coverage is being recognized, the insurance amount recognized will be the insured amount of the previous loan before the refinancing.

For disability insurance, the new insured payment will be determined by the ratio between the insured balance at refinancing and the loan amount after refinancing, without exceeding the maximum amount payable for this protection.

For example:

	Insured amount/payment at refinancing	After refinancing
Commercial line of credit or commercial demand note	\$200,000	\$350,000
Recognized life insurance amount	–	\$200,000
Recognized critical illness insurance amount	–	\$150,000
Loan payment	\$500	\$1,250
Recognized insured ratio	(\$200,000/\$350,000) 57%	
Recognized disability insurance amount	–	(\$1,250 X 57%) \$712.50

See sections 8, 10, 11, 12, 13 and 14 of the insurance certificate for more details on the amount we pay for each protection.

3. Loan insurance involves exclusions

We may refuse to pay a claim because of the exclusions set out in the insurance certificate.

Please review them immediately. We've summed them up here for you:

WARNING – Exclusions

We will not pay any benefits in the following situations:

- › Pregnancy;
- › Alcoholism or addiction.

Concerning all protections

- › Pre-existing conditions: Have you consulted a physician, or been treated or hospitalized for a medical condition within the 12 months preceding the start date of your insurance? Note that the exclusion for a pre-existing condition will apply if death, a disability or a critical illness diagnosis in relation to the condition occurs within the 12 months following the start date of your insurance;

Concerning all protections (continued)

- › Exclusion specific to the insured: further to an analysis of your insurance application and the answers you have provided, we may offer to insure you while excluding;
 - Certain medical conditions,
 - Events that could arise during travel abroad,
 - Any other condition deemed too high-risk;
- › War;

Graphic example of a pre-existing condition clause

The specific and more detailed exclusions concerning each protection as well as the general exclusions are described in sections 1, 6 and 17 of the insurance certificate.

4. You must meet certain criteria in order to be insured

To be eligible, you must, at the time of enrolment:

For life insurance:

- › Be 18 to 64 years old, inclusively;
- › Be living in Canada or the United States;
- › Be a borrower, co-borrower, guarantor, endorser, shareholder, officer or key person of the borrowing company of the loan covered by the insurance application.

For critical illness and accidental dismemberment insurance:

- › Have signed up for life insurance.

For disability insurance:

- › Have signed up for life insurance; and
- › Be employed and have worked 60 hours or more within the last 4 weeks for compensation; or
- › If you are self-employed, you must have generated a gross income of at least \$10,000 during the past fiscal year.

You may NOT apply for disability insurance if you:

- › Are on unemployment;
- › Are on a work stoppage;
- › Are jobless;
- › Receive income replacement payments (due to a disability, parental leave, work-related accident, etc.).

However, you can apply to add this type of coverage when you meet the eligibility criteria for indicated above.

Depending on your age and the amount of coverage requested, we will ask you some questions about your state of health and lifestyle.

See section 2 of the insurance certificate for more information.

5. The insurance premium that you pay takes several factors into account

The premium is the amount you pay in order to be insured.

We reserve the right to amend our premium rate scales at any time. If we do so, the premiums charged to all our insureds will change.

Your premium rate can be based on:

- › The insured amount or the used balance of the loan;
- › Your age upon signature of the insurance application, then your age reached each year;
- › Your gender;
- › Your use (or not) of tobacco products.

For life insurance and critical illness and accidental dismemberment insurance, you are entitled to a 5% discount on the insurance premiums if there is more than one insured.

The insurance taxes of your Canadian province of residence will also apply.

SAMPLE PREMIUM CALCULATION

N.B.: The commercial line of credit and demand note insurance premium is calculated differently depending on the amount you have chosen to insure.

- › When the insured amount chosen and indicated on the insurance application is the **fixed amount**, the premium is calculated based on the **insured amount of the loan**.
- › When the insured amount chosen and indicated on the insurance application is the **variable amount**, the premium is calculated each day based on the **daily loan balance used**. At the end of the billing period, the monthly premium that we charge you represents the average of these daily amounts.

Monthly premiums may vary based on the number of days in the billing period, the balance used and the applicable premium rate.

The sample calculation that follows is provided for information purposes only.

Life insurance premium calculation

(Insured amount/\$1,000) X premium rate X taxes
on insurance by province (Quebec: 9%)
(\$350,000/\$1,000) X \$0.09 X 9% = \$34.36

Calculating the premium – Disability insurance

(Insured amount/\$10) X premium rate X taxes
on insurance by province (Quebec: 9%)
(\$1,250/\$10) X \$0.32 X 9% = \$43.60

Approximate total monthly premium:
\$34.36 + \$43.60 = \$77.96

Consult the insurance certificate for premium rates
and **nbc.ca** for tax rates.

for more information.

7. You'll have access to temporary accident coverage while we are studying your application

coverage in the event of an accident.

8. We can refuse a claim and cancel your insurance if you make a false declaration

You must always provide accurate information on your health status, lifestyle and tobacco use, and any other information we deem necessary.

If, during a claim or at any other time during the insurance period, we receive information that differs from the information you initially provided, **we could refuse your claim and retroactively cancel your insurance** from its start date
